PROFESSIONAL EXPERIENCE

December 2008 to Present

OConnor Engineering

Engineering Technician preparing repair plans for various property loss claims, including fire damage, tree impact damage, and vehicle impact damage. Duties include performing site inspections to document existing framing conditions and extent of damage.

September 2002 to November 2008

OConnor Freeman & Associates

OConnor Freeman & Associates is an engineering firm providing structural plans for various construction projects including developer based residential projects, custom homes, remodels and additions, and light commercial projects. Employed as Engineering Technician drafting construction documents using current AutoCAD software, as well as conducting site inspections to verify & document as-built framing conditions when necessary. Contributed to projects for several Sacramento area home builders, as well as low-income housing projects for Sacramento Habitat for Humanity. Additional responsibilities included the training and supervising of employees in the drafting department.

January 2001 to September 2002

Engineering and Fire Investigations (EFI)

Engineering Technician preparing repair plans for various property loss claims, and conducted site inspections to verify as-built framing conditions. Other responsibilities included providing diagrams for use in the reports of EFI's various engineers and fire investigators.

October 1998 to January 2001

OConnor Freeman & Associates

Initially hired as a part-time drafter in the fall of 1998 while attending school. In February of 1999 was hired as full-time drafter. Upon resignation in 2001, was employed as drafting supervisor, training and supervising employees in the drafting department, as well as producing structural plans for residential construction projects.

February 2001 to present

Additional Experience

Providing architectural and structural drafting services on a contract basis for various Sacramento area homeowners and contractors for both custom homes and remodels/additions.

EDUCATION

Associate of Arts Degree in Computer Aided Drafting & Design

ITT Technical Institute, 1999

Rancho Cordova, CA
